### **Tree-trimming around power lines continues in Allenspark area**

The Town of Estes Park Light and Power and contractor Wright Tree Service continue to trim trees around high voltage power lines and customer service lines in the Allenspark service area. The contractor is currently working in Allenspark and the Ski Road area, and will work its way toward Estes Park through 2012.

Tree-trimming takes place in Town right-of-ways and easements to reduce fire danger and increase the safety and reliability of electric service to Light and Power customers. The contractor's vehicles and equipment are outfitted with signs that state, "Under contract with the Town of Estes Park," and the employees carry contractor identification. The contractor makes efforts to contact property owners if tree-trimming will take place in the immediate vicinity of homes or businesses.

For more information on this project, please contact Todd Steichen, Line Superintendent, at 970-577-3601. To receive Town news and/or meeting agendas in your email inbox, please email [townadmin@estes.org](mailto:townadmin@estes.org)
